A step-by-step guide on setting up a portable usability test with the UNISA Noldus laboratory equipment

Date: May 2008 (Revised April 2009)

EXECUTIVE SUMMARY

This is a step-by-step guide on setting up a portable usability test with the UNISA Noldus laboratory equipment. This document contains details of the content of the portable usability equipment and how to set it up. An appendix explains how to set-up mouse and keyboard captures, as well as a troubleshooting guide.

Please contact Marco Pretorius, pretomc@unisa.ac.za if you would like more details.
