UNISA | 
university
of south africa

This brochure is for all students with a Unisa student number who wish to register for a formal qualification through Unisa in 2011.

A summary of the Unisa registration process

Unisa offers three easy ways to register:

- 1 Online
- 2 In person at a self-help computer terminal at certain of Unisa's offices
- 3 Via the post, fax or by submitting your registration form at a branch of the South African Post Office (SAPO)

Registration dates

Type of registration	Registration opens	Closing date
Semester 1/2011 & CTA: internet & self-help registration	29 November 2010	21 January 2011
Semester 1/2011 & CTA: post, fax & South African Post Office	29 November 2010	14 January 2011
Saturdays (until 11:25)	8 January 2011 15 January 2011	
Year modules, semester 2/2011 and honours degrees: internet, self-help, post, fax & South African Post Office	29 November 2010	17 March 2011
Saturdays (until 11:25)	12 March 2011	
Semester 2/2011	20 June 2011	15 July 2011
Saturdays (until 11:25)	9 July 2011	
<p>Unisa's registration offices are open from Monday to Friday, from 08:00 to 15:45. The university is not open on public holidays.</p> <p>Unisa offices will close at 12:00 on 24 December 2010 and will re-open on 3 January 2011.</p>		

Welcome to Unisa

Dear Prospective Student

I am delighted that you are considering Unisa as your university of choice for 2011.

Unisa is an internationally accredited open distance learning institution, which means that you, the student, become the focus of all we do. We give you the choice over what, when and where you learn, how you learn and at what pace you learn.

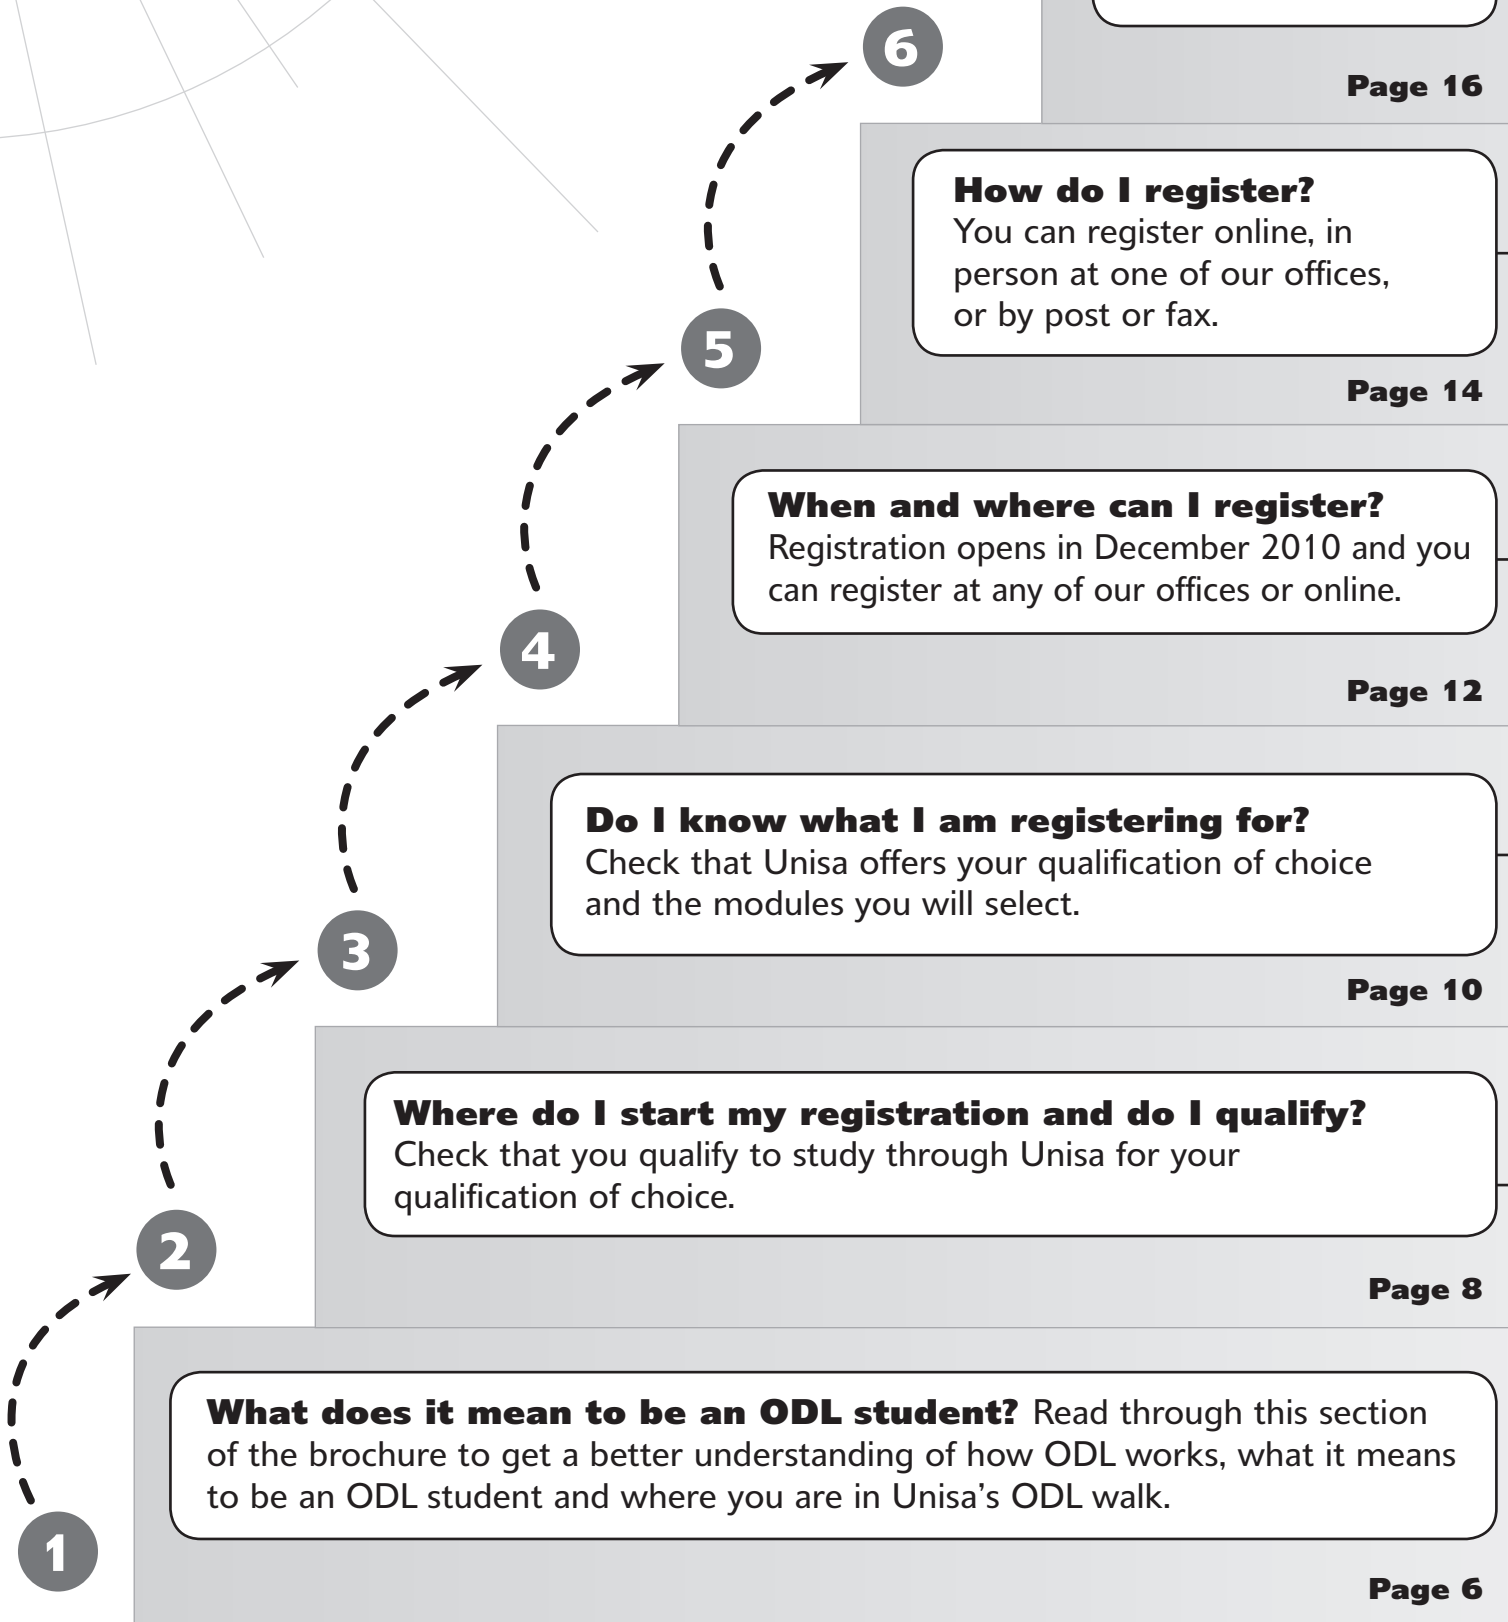

If you have just finished school or have been attending at a contact/conventional university, you will very likely be used to face-to-face contact with your teachers and fellow students. Studying at Unisa, however, works a little differently and you will be required to do much of your studying on your own. You will receive most of your study material in the form of study guides and tutorial letters, which you will have to work through independently, but you will be able to contact your lecturers and tutors if you need to.

Approximately 300 000 students register to study through Unisa each year and I sincerely hope that you will become part of the Unisa student body in 2011, so that one day you too can count yourself among the numbers of esteemed Unisa alumni.

Kind regards
Prof MS Makhanya
Pro-Vice-Chancellor
University of South Africa
September 2010

Step-by-step registration process

Unisa's registration process consists of six simple steps. The registration process is for all re-registering students and successful applicants who have obtained a student number and wish to register for a formal qualification through Unisa in 2011.

For online registrations, go to page 14.
For registrations in person at a self-help computer terminal, go to page 15.
For registrations via post, fax or the South African Post Office, go to page 15.

Go to page 12 of this brochure for Unisa's registration dates and registration centres.

Have you checked the following?

- Qualification of choice: page 25
- *my Modules @ Unisa & my Rules @ Unisa*
- Unisa's student fees: page 98
- Unisa's exam venues: page 117
- Unisa's provisional exam timetable: page 126

I'm re-registering for the same qualification.
Go to page 8 of this brochure

I'm starting a new qualification. Work through this brochure carefully to ensure that you understand how Unisa works, that you are ready to study through Unisa and that you meet the admission requirements for your qualification of choice.

- Bring your *my Registration @ Unisa* brochure and *my Modules @ Unisa* brochure if registering at a self help centre
- Any supporting document which may be requested

1

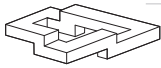

What does it mean to be an ODL student?

Unisa is an open distance learning (ODL) institution. But what does this mean for you?

If you have finished school or have been attending a contact university, you will most likely be used to face-to-face contact with your teachers and fellow students in a classroom setting. Distance learning is very different. As a Unisa student, you will be required to study independently, that is, on your own. You will receive study material in the form of study guides and tutorial letters for each of your modules, and you will be able to contact your lecturers and tutors, but for the most part, you will work on your own.

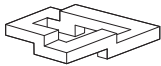

So what exactly is open distance learning? In a nutshell, you, the student, become the focus of all we do. To simplify the concept of ODL, Unisa has developed an ODL student walk to help you understand the process. This walk comprises five levels. And for each level, we have compiled a set of products (brochure, CD/DVD, FAQs & website), which contains essential information about the level.

This brochure, *my Registration @ Unisa*, deals with level 3 of the ODL student walk.

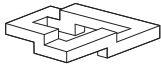

Level 1

You will learn more about Unisa and how Unisa works. Unisa is an open distance learning (ODL) university. Through ODL, you have the choice over what, when and where you learn, how you learn and at what pace you learn. However, you must be sure that you are prepared to study independently and that Unisa is the right university for you.

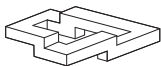

Level 2

This is the applications level. As a prospective student, you must apply to register at Unisa. You may not register to study through Unisa if you have not submitted an application form and received confirmation from Unisa that your application was successful.

Level 3

This is the registration level. If Unisa approved your application to study in level 2, you will now be able to **register for your approved qualification**. You may now register at one of our campuses or regional centres, or via the internet or mail. All the information you need to register will be provided in this brochure. Work through this brochure carefully to ensure that your registration to study through Unisa in 2011 is processed timeously.

Level 4

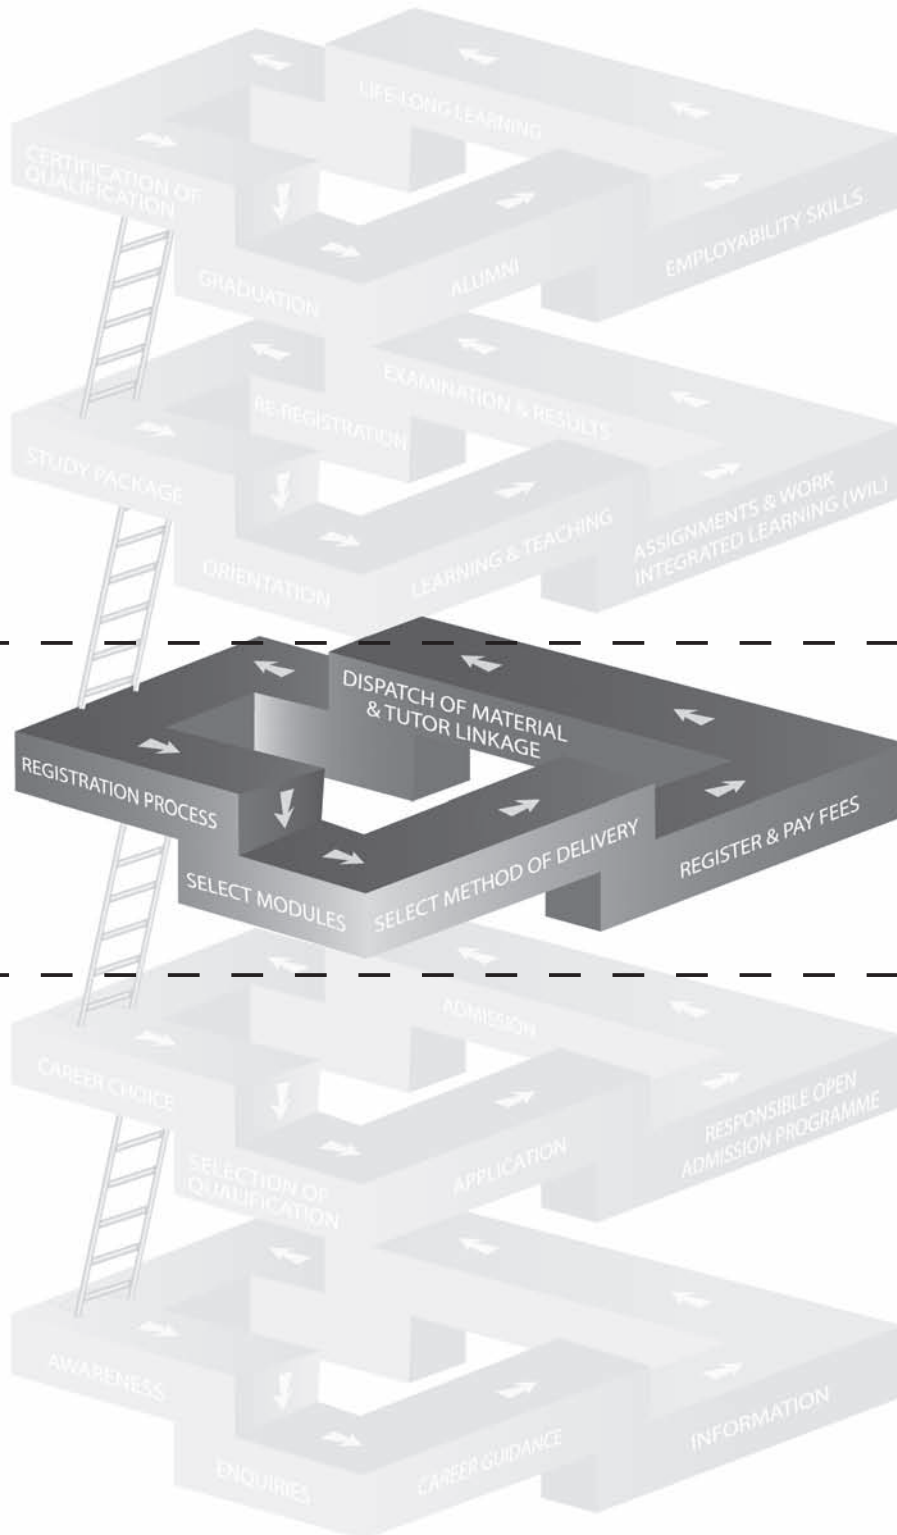

We will give you the information you need to be a successful Unisa student. This is a very important phase, as it provides you with an orientation to studying through Unisa, and is where teaching and learning is initiated. You will receive your study material and will have to plan your activities, study independently and submit assignments to demonstrate your competencies. At the end of the semester (or year in some cases), you will need to write examinations at an exam centre close to you. Much of the information about Unisa's services and procedures is found in the brochure/DVD entitled *my Studies @ Unisa*.

Level 5

This is the level for Unisa alumni, that is, Unisa graduates. By this level of the ODL student walk, you will be a Unisa alumnus. The university would like to communicate with all alumni on a regular basis, so we urge you to maintain contact with us.

2

Where do I start my registration and do I qualify?

To help you complete the registration process efficiently, we'd like you to choose which of the following statements best suits you:

I am re-registering for the same qualification. What should I do?

If this statement describes you, go to the section 3 of this brochure (page 10).

I am starting a new qualification. What should I do?

If this statement describes you, please work through the rest of this brochure carefully.

Do I qualify to study for my new qualification?

Unisa is a South African public university, which means that all Unisa students must meet certain statutory admission requirements. Although admission requirements may differ from qualification to qualification, there are certain basic and minimum admission requirements that you must meet before you will be allowed to study through Unisa.

Bachelor's degree

To be able to register for a bachelor's degree, you must hold one of the following certificates:

- National Senior Certificate with entry level: degree
- A Senior Certificate with matriculation or university admission endorsement (exemption)
- A certificate of full or conditional exemption issued by the Matriculation Board of Higher Education South Africa (HESA)
- A National Certificate (vocational) at level 4 with entry level: degree

If you do not have an exemption certificate, please make contact with Unisa's Access and Matriculation Exemption Office about whether you qualify for any other types of exemption certificates (eg on the grounds of foreign qualifications or post-school qualifications).

Bachelor of Technology degree

To be able to register for a Bachelor of Technology degree, you must hold an applicable National Diploma.

National diplomas

To be able to register for a diploma, you must hold one of the following:

- Hold a National Senior Certificate with entry level: diploma/degree
- Hold a Senior or School Leaving Certificate with or without a matriculation exemption/endorsement, but with at least five subjects or higher and/or standard grade
- Qualify for a certificate of full or conditional exemption issued by the Matriculation Board of Higher Education South Africa (HESA)
- Hold a Standard 8 or Grade 10 certificate, be 23 years and older, and have 3 years work experience
- Hold a National Certificate (vocational) at level 4 with entry level: diploma

Non-degree purposes (NDP)

To be able to register for any module for non-degree purposes, you must hold one of the following:

- Qualify for a certificate of full or conditional exemption issued by the Matriculation Board of Higher Education South Africa (HESA)
- Meet the admission requirements for the programme level on which the module is offered.

Honours degrees

Please refer to the course information provided in this brochure for the admission requirements for honours degrees.

3

Do I know what I am registering for?

Unisa is an open distance learning (ODL) university, which means that you can study at home or even pursue your career while studying. Through ODL, we give you the choice over what, when and where you learn, how you learn and at what pace you learn. You must, however, be sure that you are prepared to study independently at a distance. This is why it is so important for you to find out before you register if Unisa is the right university for you.

Does Unisa offer my qualification of choice?

Go to page 25 of this brochure to make sure that Unisa offers your qualification of choice. Refer to Unisa's brochure entitled *my Modules @ Unisa* for specific information about the modules related to your qualification of choice. Please ensure that you meet the admission requirements for your qualification of choice before completing and submitting your registration form.

Are you aware of Unisa's rules?

Read Unisa's brochure entitled *my Rules @ Unisa* for the rules for students studying through the university.

Have you made arrangements to finance your studies and pay for your prescribed books?

You will have to pay a minimum fee before you will be allowed to register to study through Unisa in 2011 and all outstanding amounts must be paid by the prescribed due dates. Go to page 98 of this brochure for the prescribed student fees for 2011.

Please remember that in addition to your prescribed student fees, you will also have to buy your prescribed books for each module. Students often calculate and budget for their study fees, but forget that they have to buy prescribed books, which may add substantially to the cost of your studies. If you are unsure about what your prescribed books might cost you, we suggest that you contact Unisa before you register (012) 429 4152; vospresc@unisa.acv.za) to request an advance list of your prescribed books. Unisa's official booksellers can be contacted for quotations. For a list of Unisa's official booksellers go to page 124.

Is there an examination venue near you?

Have you checked that there is a Unisa exam venue close to where you live? Go to page 117 of this brochure and make sure that you will not have to travel long distances to get to an exam venue. Travelling long distances to an exam venue can be both demanding on you and expensive.

Have you checked Unisa's provisional exam timetable for 2011?

Unisa publishes a provisional examination timetable for each academic year. Go to page 126 of this brochure and use this provisional examination timetable for 2011 to check that there are no clashes for your courses. Please note that this is a provisional examination timetable and may change at the university's discretion.

So are you ready to register to study through Unisa in 2011?

If you are still unsure or require further career assistance, please contact Unisa's Directorate for Counselling, Career & Academic Development as follows:

How do I register?

Unisa offers three easy ways to register:

- 1 Online
- 2 In person at a self-help computer terminal at certain of Unisa's offices
- 3 Via the post, fax or by submitting your registration form at a branch of the South African Post Office (SAPO)

1 Online registration

- Log on to the internet and go to the Unisa website: www.unisa.ac.za.
- Click on "Registration at Unisa" and then on "Web registration".
- Enter your student number in the block provided and follow the links.
- Check your personal details on the screen and change any details that are incorrect.
- Enter the module(s) for which you want to register. Ensure that
 - you meet all the pre-requisites and that you are eligible to register for the module selected
 - you have entered the correct module code
 - you have selected the correct semester (1 = first semester; 2 = second semester)
 - you have indicated which language (English or Afrikaans) you want to receive your study material in

Please note that you may register for a maximum of 10 modules per year.

- Choose your mode of delivery of study material.
- Pay your fees. Use the fee quotation link <http://www2.unisa.ac.za/aol/asp/srrqn01c.asp?system=SOL> to obtain a total fee quotation for the cost of the modules that you have selected. Note the minimum fee payment that must be made before Unisa will begin to process your registration. If you are satisfied that you can afford the modules selected, and have a credit card, you can make payment online by clicking on <http://registration.unisa.ac.za/info/payment/index.html>. If you cannot afford the fees, go back to your choice of modules and delete some of the modules. Then follow the steps outlined above. If you are satisfied with the modules selected, but do not have a credit card, you can make payment at an Absa Bank or at a branch of the South African Post Office and fax the deposit slip to Unisa at 012 429 4150.
- Complete the process by submitting your registration form.

2 In person at a self-help computer terminal

STEP 1	Read this brochure and complete your registration form before going to a Unisa office.
STEP 2	Take your registration form and this brochure with you when you register.
STEP 3	<p>You will be referred to a self-help computer at which you can finalise your registration by following the prompts/instructions on the screen. Unisa staff will be available in the registration halls to assist you.</p> <p>Once you get to a computer, you must do the following:</p> <ul style="list-style-type: none">■ Type in your student number.■ You will be automatically guided to a screen that requires you to verify the correctness of your personal information. If you are satisfied with the details, click “Yes”. If you need to make changes, click “No”. This will allow you to make changes to your personal information. When you are satisfied with the changes, click “Yes” to submit the information.■ Now select the modules for which you want to register. Use the drop-down menu provided for each module. After successfully selecting the modules section and accepting the information on the summary page, “Proceed with temporary registration”.■ If you have a credit card, you may pay your fees online. Alternatively, make use of one of the other modes of payment indicated in this brochure. If you pay at least the minimum fee at the self-help computer, you may immediately print out a confirmation of your registration. If you have not made the required minimum payment, you will receive a printout indicating the details of the modules you selected and the payment details (minimum fee payable, total fee and payment options).■ If your registration has been finalised, please go to the CD hall to receive your free CD of study material. This will help you to begin planning your study activities.

3 Via the post, fax or by submitting your registration form at a branch of the South African Post Office (SAPO)

- Post your completed registration form to

Registration @ Unisa
PO Box 392
Unisa
0003

Please do not include any cash or cheques in the envelope with your registration form.

- Fax your completed registration form to 012 429 4150.

Choose your mode of delivery of study material

Upon Registration, you must select the mode of delivery for your study material that suites you best. Your study material can either be posted to you through the South African Post Office Safemail service, or couriered to you when you register at no additional cost for either option. Should you select the courier option, you must provide Unisa with your cellphone number and a physical address to which your study material package may be delivered between 8:00 and 16:00. Should you select the South African Post Office Safemail option (for which there is also no cost), you will be required to collect the parcel from the post office. Please ensure that your address, suburb and postal code details are correct to avoid any delays. The post office will send you an SMS and letter notification to advise you when the parcel is ready for collection together with the track and trace number that must be presented at the post office for collection. You must collect the package within 30 days at the post office with your identity document, if not, it will be returned to Unisa. The above modes of delivery apply to the first package of study material only. Subsequent information, such as tutorial letters, which you will receive during the course of the year, will be sent to you via the South African Post Office ordinary mail service, even if your initial selection upon Registration was courier.

Once you are a registered Unisa student, you may also obtain your study material on CD, free of charge, at certain of Unisa’s offices. You may also register on myUnisa, Unisa’s student portal, to access your study material online.

6

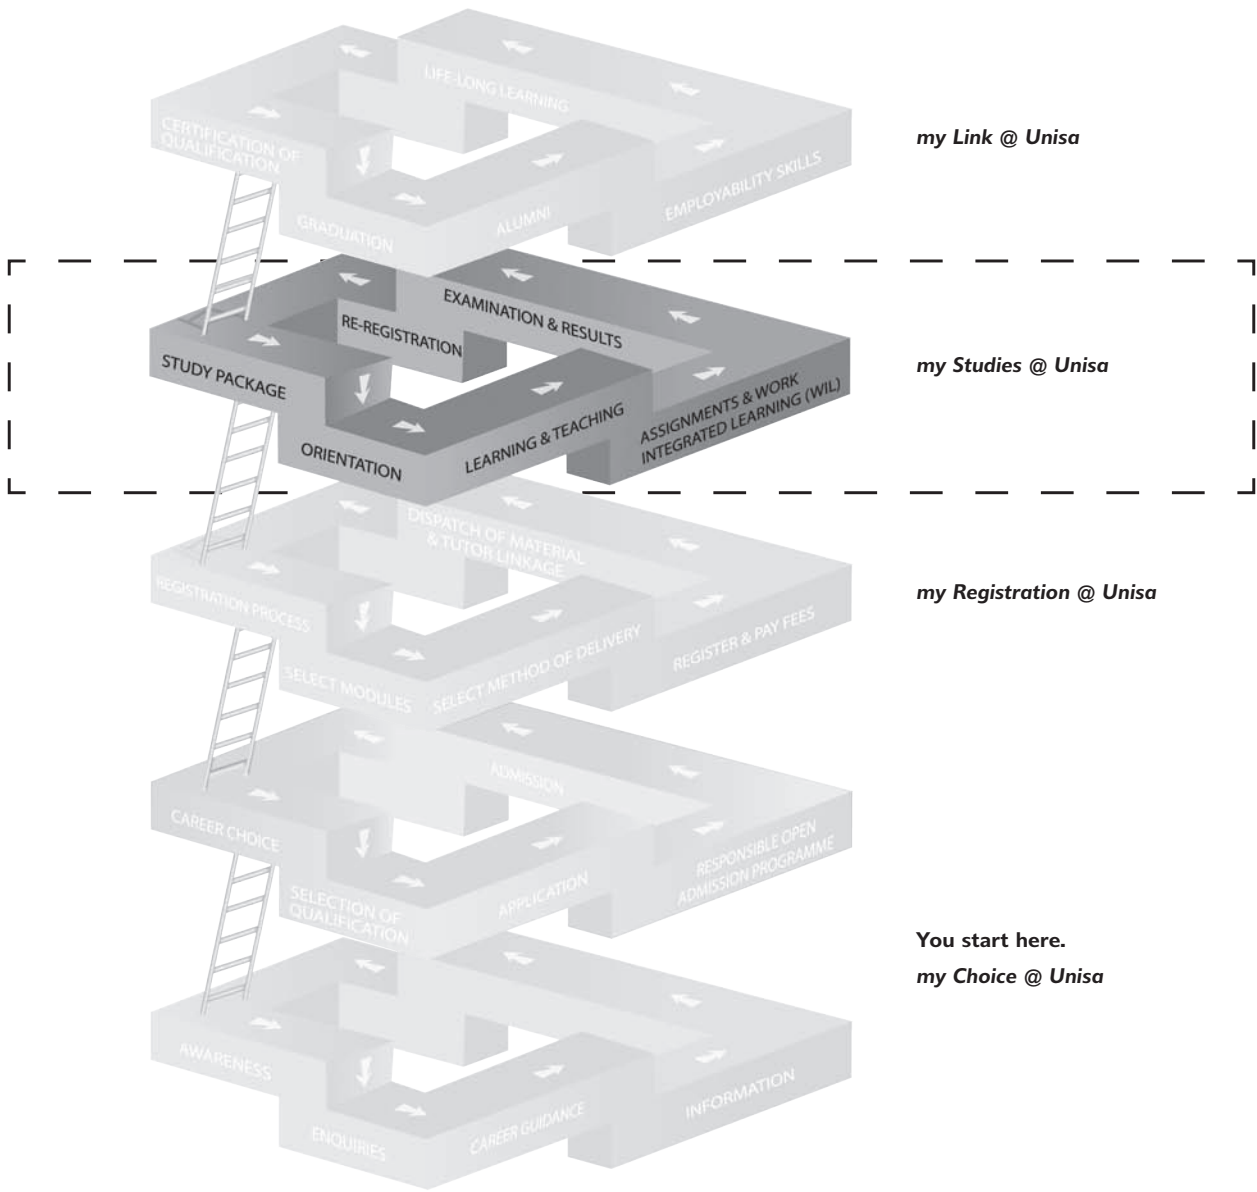

What happens now?

If you submitted your registration form and minimum registration fee by the closing date for registrations, Unisa will process your registration and send you your study material by post or courier depending on the choice you indicated on your registration form.

The next information brochure you will receive from Unisa will be the *my Studies @ Unisa* brochure. This brochure will provide you with an orientation for studying through Unisa and will help you to plan your studies.

Unisa's ODL student walk

Frequently answered questions

How will Unisa communicate with me?

Unisa provides all registered students with a free e-mail account known as *myLife*. Unisa will only use this e-mail address to communicate with you via e-mail. If you would prefer to use another e-mail address, please forward your *myLife* e-mails to that address so that Unisa can keep in touch with you (eg send you confirmation of your registration).

Unisa will also send you SMSs when necessary and will use the cellphone number you provided at the point of registration. If you do not want to receive SMSs from Unisa, please contact the Unisa Contact Centre to cancel this service.

What should I do if I need an academic record or credit certificate?

Send an e-mail to study-info@unisa.ac.za to request a copy of your academic record or credit certificate. Remember to include your student number in the subject line of all e-mails.

For how many modules may I register in one academic year?

You may not register for more than 60 NQF credits in a semester, that is, not more than 5 modules per semester of 12 credits each. This does not include supplementary and/or aegrotat examinations which you may have been given in a previous academic year. Any modules taken for non-degree/non-diploma purposes also count as part of the 60 credits. Students registering for year modules may not register for more than 120 NQF credits per year.

How many modules must I pass annually to avoid academic exclusion?

	Number of semester modules to be passed annually	Number of year modules to be passed annually
In your first year of study	3	2
In your second or further years of study	4	3

How long do I have to complete my qualification?

Approved qualification duration	You must complete the qualification within
2 years	5 years
3 years	8 years
4 years	10 years

Can I transfer from another university to Unisa?

Unisa will consider an application for registration from another university, except if you were excluded/suspended from a prior institution of higher education on grounds of misconduct.

Can I register with Unisa and another university simultaneously?

Unisa will accept you on condition that the qualification registered at Unisa is registered for non-degree purposes, and that you have written permission from the other university allowing such concurrent registration. You will be required to submit the written permission from the other university at the point of registration.

May I register for two or more formal programmes at Unisa simultaneously?

You may not register for two formal qualifications at Unisa concurrently.

Does Unisa assist students with disabilities?

Unisa's Advocacy and Resource Centre for Students with Disabilities (ARCSWiD) will assist and support students with disabilities. If you require assistance, please indicate the nature of your disability on your registration form and contact ARCSWiD as soon as possible. Also complete the special assistance form, ARCSWiD01, contained later in this brochure. This will enable ARCSWiD to plan the measures necessary to support your needs.

Should you need further information about ARCSWiD, please contact:

- Mr Pintias Nkuna (+27 12 429 6923, nkunapj@unisa.ac.za)
- Dr Siva Moodley (+27 12 429 6981, moodls@unisa.ac.za)
- Mr Deenadayalan Moodley (+27 12 429 6050, moodld@unisa.ac.za)

What should I do to...?

You may make any of the changes below by logging on to Unisa's student portal, *myUnisa* (<http://my.unisa.ac.za>), and following the registration prompts. If you would prefer the university to assist you, please submit your request in writing (using the prescribed forms) either by post (The Registrar, PO Box 392, Unisa, 0003) or by fax (012 429 4150).

■ Add study units

You must apply in writing using the prescribed form or online to add study units. You must also pay the necessary fee to the university by the relevant closing date for registration.

■ Cancel study units

You may cancel a study unit. You will, however, forfeit the applicable portion of the fees paid (this is related to the date of cancellation).

■ Change my address and/or telephone number

You must submit all requests to change telephone numbers and/or postal, physical or courier addresses in writing using the prescribed form or online.

■ Change my exam centre

Requests to change examination centres must be done at least one month prior to the commencement of the respective examination period.

■ Apply for course credit exemptions

You cannot be exempted from more than 50% of the modules for the qualification for which you are registered. You must also have met the requisite admission requirement at the time of having passed the study units at your previous institution. You cannot receive exemption for both major subjects.

Will my ordinary conditional exemption affect my registration?

If you have an ordinary conditional exemption, you will not be allowed to proceed to second or further years of study until you have passed the outstanding subject necessary to meet the condition of your ordinary conditional exemption.

What is recognition of prior learning (RPL)?

Unisa's RPL programme allows you to apply for recognition and credit for skills and learning acquired through means other than through formal learning programmes. Your skill and knowledge will be evaluated; if it is found to be relevant, you may be granted appropriate credits. RPL may thus make it possible for you to either gain access to or earn credits towards a Unisa qualification based on prior non-formal learning, thereby reducing your study time. If you are interested in RPL, please send an e-mail to rpl@unisa.ac.za.

Am I affected by work-integrated learning (WIL)?

Specific modules in vocational programmes (qualifications) require students to gain experience in a working environment, under the supervision of a suitably qualified and experienced person. This experience is called work-integrated learning (WIL) or experiential learning. A portfolio of work is compiled by the student and assessed by the university. Students who do not have placement at an employer can contact the relevant academic department which will, in collaboration with the WIL and regional offices of Unisa, endeavour to find the student a suitable employer to gain this experience.

The following table contains the modules with a WIL component.

College of Agriculture & Environmental Sciences		College of Economic & Management Sciences	College of Human Sciences	College of Science, Engineering & Technology	
AGT201A	APP201A	ADP346B	PREPRAC	CEP101E	MAP242S
AGP301A	APP301D	BAN361W		CEP201E	MSP352T

Course information

- The curriculums in this section have been formatted in such a manner to assist you to select the modules for which you want to register in 2011.
- The following details are indicated on the template.

Qualification		A		NQF level		F		
Qualification code		B		Total NQF credits		G		
Admissions requirements		C						
First level			Second level			Third level		
Compulsory and elective modules		Pre/co-requisites						
D	E	D	E	D	E	D	E	

- A Name of qualification (eg Bsc)
- B Qualification code (eg 02089)
- C Specific admission requirements
- D Compulsory and elective modules on the different levels
- E Applicable pre-requisites and co-requisites; indicated as Pre or Co respectively
 - Pre-requisites means that you must have passed that subject and/or subjects before you can take the selected module.
 - Co-requisites means that you must take the module indicated as a co-requisite with the specific module.
- F Level on the National Qualifications Framework up to 2009
- G Total National Qualifications Framework credits for completion of qualification
 - Start by marking the modules you have already passed
 - Then select the module(s) for which you plan to register in 2011
 - Check that you meet the necessary pre-requisites for the modules for which you plan to register; if not, change your selection
 - Check for co-requisites as well; you may need to change or add modules to meet co-requisites
 - As the module codes change from time to time, please check the table of equivalents for modules that you might have passed and had a different code previously

Registration rules

1 The registration form

- 1.1 At registration every student must complete a registration form in terms of which s/he binds him- /herself to all the rules of the University.
- 1.2 The content of the form is the basis of the student's contract with the University.
- 1.3 It is the student's responsibility to inform the University of any change/s to personal data contained on the registration form – notably, name change, address change and/ or change in telephone numbers – in writing and using the prescribed Unisa forms.
- 1.4 Students who are entitled to continue their studies must submit a new registration form for each new academic year in which they register.

2 Choice of modules per semester/per annum

- 2.1 Students must select their modules by applying the curriculum in the templates that follow later in this brochure and making use of the *my Modules @ Unisa* brochure.
- 2.2 The onus is on the student to refer to the provisional exam timetable included in this brochure to select modules and to ensure that there are no module clashes. No registration will be allowed where there is an exam clash between modules selected.
- 2.3 In the case of students registering for an Honours qualification that have a research component, such students are strongly advised not to register for the research methodology modules until they have completed at least 3 of the other Honours papers.
- 2.4 A student's registration per semester and per annum is subject to the maximum number of NQF (National Qualifications Framework) credits as set out in the Admission Policy.
NB: Undergraduate modules usually consist of 12 NQF credits
Honours modules usually consist of 24 NQF credits
- 2.5 Modules registered for non-degree purposes will also be taken into account when calculating the maximum NQF credits for a semester/year of study.
- 2.6 Students in the final semester of study for a qualification weighted at 240 credits or more may apply to register for an additional 24 credits if to do so will enable the student to complete the registered qualification. Application to take the additional modules must be made to the Deputy Registrar on the Unisa prescribed form. In order to be eligible for the application of this rule, the affected student must have a minimum overall average of 55% in all modules previously passed.
- 2.7 Where the final year of a qualification comprises only year modules (as opposed to semester modules), the above rule will evenly apply: however, application for the additional 24 credits may be made at the beginning of the final year of study.

3 Pre-requisite modules

- 3.1 A student may not register for a module for which s/he has not passed the pre-requisite, except if s/he has previously attempted the summative assessment for the pre-requisite and failed the module. In such cases, the student may concurrently register the prescribed pre-requisite module with any/all of the follow-on modules.
- 3.2 In the case where pre-requisites are not specifically indicated for modules in undergraduate qualifications, students are strongly advised to register for the 1st level modules before registering for the 2nd level modules of a subject and so on. This is in order to ensure appropriate scaffolding of learning.
- 3.3 Students must also ensure that they meet the admission requirements for the modules, where relevant.

4 Co-requisite modules

- 4.1 Students must register for prescribed co-requisite modules simultaneously.

5 Concurrent registration

- 5.1 Students may register concurrently for formal and non formal qualifications at the University, with the consent of the Colleges involved.
- 5.2 Students may not register for a formal qualification at the University, if concurrently registered for a formal qualification or non-formal program at another University; except that such students may be allowed to register for non degree purposes (NDP) at Unisa, if their registration is accompanied by a letter of permission from the other University granting permission for concurrent studies for non-degree purposes and indicating the modules to be taken at Unisa. Note that the permission letter is only valid for one academic year.

6 Registration for non-degree purposes (NDP)

- 6.1 Students intending to register for a module – even for non-degree purpose – must meet the admission requirements for the qualification in which the study unit is offered, eg registration for a study unit at Honours level can only be considered if student meets admission requirement for the Honours qualification concerned. Additionally, student must meet pre and co-requisites for modules to be taken for NDP.
- 6.2 A student may be allowed to register a maximum of 4 modules for non-degree purposes; whilst registered for a formal undergraduate Diploma or Degree qualification that has a minimum duration of 3 or 4 years.
- 6.3 A student may be allowed to register a maximum of 2 modules for non-degree purposes; whilst registered for a formal undergraduate Diploma or Degree qualification that has a minimum duration of 1 or 2 years, exclusive of the University Access Programme for which no modules may be taken for NDP whilst registered for the Access Programme.
- 6.4 A student who is registered for an honours bachelor's degree may, only with the special permission of the Executive Dean of the respective College that offers the Honours qualification, also register in the same academic year for not more than two undergraduate modules for non-degree purposes (NDP).
- 6.5 A student who is registered for a master's degree may, only with the special permission of the Executive Dean of the respective College that offers the Masters qualification, also register in the same academic year for two undergraduate modules or for one honours module or the corresponding number of modules on the same level for non-degree purposes (NDP).
- 6.6 A student who is registered for a doctor's degree may, only with the special permission of the Executive Dean of the respective College that offers the Doctors qualification, also register in the same academic year for two undergraduate modules or for one honours module or one master's module or the corresponding number of modules on the same level for non-degree purposes (NDP).

7 Application for credits and exemptions

- 7.1 Students applying for credits and exemptions for studies passed at other accredited higher education institutions must do so on the prescribed form and in accordance with the Unisa rules as stated in the Unisa Brochures.
- 7.2 Specifically,
 - 7.2.1 Applicants must meet the admission requirements for the qualification for which they are applying for credit/s and exemption/s; and
 - 7.2.2 A maximum of 50% of the prescribed NQF credits may be awarded in the form of credits and exemptions.
- 7.3 A student may not be exempted for more than one major subject toward a qualification for which 2 major subjects are prescribed.
- 7.4 No exemptions will be granted towards an Honours or Masters qualification from any completed qualification.

8 Cancellation of registration

- 8.1 A student who voluntarily cancels his/her registration of a module for any reason whatsoever, will forfeit either a part or the entire fee paid, as prescribed in the fee payment schedule for this year.
- 8.2 A student may not cancel a module that is a co-requisite unless the module which has the co-requisite is also cancelled.

OBTAINED LESS THAN MATHS HG 40% OR MATHS SG 50% (MUST HAVE STUDIED MATHS AT MATRIC LEVEL)	OPTION 1: CSS011G – ENGLISH FOR SCIENCE ACCESS (S1 & S2) + MAT0511 - ACCESS TO MATHEMATICS (YR) OPTION 2: CSS011G – ENGLISH FOR SCIENCE ACCESS (S1 & S2) + MAT0511 - ACCESS TO MATHEMATICS (YR) + ONE OR TWO MODULES FROM : AST 1631 (AST131F) - General introduction to astronomy (S1 & S2) BLG1501 (BLG111H) - Basic Biology (S1 & S2) BLG1502 (BLG112J/BLG113K) - Animal and Plant Diversity (S1 & S2) BLG1603 (BLG114L) - Biology Practical (YR) CHE1500 (CHE111Q/CHE112R) - Introductory chemistry (S1 & S2) COS1511 (COS111U) - Introduction to programming 1 (S1 & S2) CSS101H - Comprehension skills for Science (S1 & S2) GGH1501 (GGH101Q) - Know your world: Introduction to Geography (S1 & S2) GGH1502 (GGH102R) - World issues: a Geographical Perspective (S1 & S2) EUP1501 (CEM101A) - End-user Computing (YR) INF1505 (INF1059) - Introduction to Business Information Systems (S1 & S2) PHY1501 (PHY1015) - Elementary Mechanics (S1 & S2) PHY1502 (PHY1026) - Elementary electromagnetism and heat (S1 & S2) PYC1501 (PYC101Y) - Basic psychology (S1 & S2) PYC1502 (PYC1023) - Psychology in society (S1 & S2) STA1501 (STS1113) - Descriptive statistics and probability (S1 & S2) STA1502 (STS1124) - Statistical inference (S1 & S2) STA1510 (STS1055/STA191Q) - Basic statistics (S1 & S2)	CSS011G – ENGLISH FOR SCIENCE ACCESS (S1 & S2) + MAT0511 - ACCESS TO MATHEMATICS (YR) + ONE OF: INM1013 - INTRO TO THE ECONOMIC AND MANAGEMENT ENVIRONMENT (S1 & S2) INM1024 - INTRO TO THE ECONOMIC AND MANAGEMENT ENVIRONMENT (S1 & S2) TSK011U - THINKING SKILLS (S1 & S2) SSD011P - STUDY SKILLS DEVELOPMENT (S1 & S2)

Syllabuses

CSS011G English for Science Access (S1 and S2) (one paper of two hours).

In this module you learn to use English effectively to communicate and understand communication using visual, mathematical and language skills. You learn to read with comprehension, increase your vocabulary and write notes and summaries.

INM1013 Introduction to the Economic and Management Environment 1A (Semester 1 and 2) (one paper of two hours)

The following topics are dealt with: study management; career planning; the economic system of South Africa; the role of business management; accounting and accounting aids.

INM1024 Introduction to the Economic and Management Environment 1A (Semester 1 and 2) (one paper of two hours)

The following topics are dealt with: quantitative decision making (percentages, break-even analysis, depreciation, linear programming); industrial psychology (human behavior in the workplace, human resources management); communication (transcultural communication problems); organizational culture (business ethics).

MAT0511 (MAT011K) Access to Mathematics (Year module) (one paper of three hours)

The module covers certain topics from school mathematics and relevant applications to real-life situations.

Purpose: to enable students to demonstrate the understanding of the real number system, ratio, proportion, percentage, integral exponents, scientific notation and estimation, roots, units, algebraic expressions, sequences, linear and quadratic equations and inequalities, systems of equations in two unknowns, exponents, logarithms, functions, straight lines, parabolas, hyperbolas, circles, introduction to elementary statistics, basic geometry (angles, triangles, quadrilaterals) and calculation of areas and volumes.

SSD011P Study Development (S1 and S2) (one paper of two hours)

NB: In addition to the registration fee, students are required to also purchase specific prescribed material.

This access module has as outcome the enhancement of the learner's tertiary education skills to deal adequately with the challenges of higher education.

The first section presents a discussion and exercises on study process evaluation; academic planning; the study process; making the most of your memory; studying dense material; the reading process; the writing process. These are followed by a section on examination preparation and dealing with academic anxiety.

TSK011U Thinking Skills (S1 and S2) (one paper of two hours)

The access module has as one of its outcomes the production of self-directed learners who are able to operate within the university context. It also aims to produce more critical thinkers who can identify and solve problems, make responsible decisions and reflect on their own thinking processes and actions.

What must you do when you complete your Access Programme?

You will have to apply for a certificate of conditional matric exemption before you will be allowed to register for a Bachelors Degree. This must be done before or at the time of your registration by completing the M30 Application Form (found in myChoice@Unisa 2011 and the Unisa web www.unisa.ac.za) and submitting the relevant documentation and fee.

Rules

Work integrated learning is a compulsory component towards the completion of this qualification.

Qualification	National Diploma: Engineering Electrical: Clinical Engineering	NQF Exit Level	6
Qualification code	NDEEN - CEN	Total NQF Credits	360
Admission Requirements	NSC (Diploma) with Mathematics, English, Physical Science & (Engineering and Technology or a Computer subject) passed with a rating of 4 OR Senior Certificate with at least E(40%) for Higher Grade Mathematics, English & Physical Science or at least D(50%) for Standard Grade Mathematics, English & Physical Science OR an N3 or N4 Certificate with Mathematics, English, Industrial Chemistry & Engineering Science passed with at least 50%.		

First Level	Pre/Co-requisites	Second Level	Pre/Co-requisites
COS1511 Introduction To Programming 1	Co: EUP1501	DIG221X Digital Systems II (Theory)	Pre: DIG111Z & DIG1PRA; Co: DIG2PRA
DIG111Z Digital Systems I (Theory)	Co: DIG1PRA	DIG2PRA Digital Systems II (Practical)	Pre: DIG111Z & DIG1PRA; Co: DIG221X
DIG1PRA Digital Systems I (Practical)		ECT261Z Electronics II (Theory)	Pre: ECT151R & ECT1PRA; Co: ECT2PRA
ECT151R Electronics I (Theory)	Co: ECT1PRA	ECT2PRA Electronics II (Practical)	Pre: ECT151R & ECT1PRA; Co: ECT261Z
ECT1PRA Electronics I (Practical)	Co: ECT151R	ELE281X Electrical Engineering II (Theory)	Pre: ELE171U & ELE1PRA; Co: ELE2PRA
ELE171U Electrical Engineering I (Theory)	Co: ELE1PRA	ELE2PRA Electrical Engineering II (Practical)	Pre: ELE171U & ELE1PRA; Co: ELE281X
ELE1PRA Electrical Engineering I (Practical)	Co: ELE171U	EPR101E Electrical Engineering Practice I	Pre: All subjects from first and second levels
ENN103F English For Academic Purposes (English 103)		ICT2612 Interactive Programming	Pre: COS111U
EUC131T End-User Computing I (Theory)		ICT2613 Internet Programming	Pre: COS111U
EUP1501 End-User Computing (Practical)		MAT2691 Mathematics II	Pre: MAT1581
MAT1581 Mathematics I			

Third Level	Pre/Co-requisites	Fourth Level	Pre/Co-requisites
GTE281Q Geotechnical Engineering II (Theory)	Co: GTE2PRA	DCM371Y Documentation III (Theory)	Co: DCM3PJT
GTE2PRA Geotechnical Engineering II (Practical)	Co: GTE281Q	DCM3PJT Documentation III (Project)	
MCL221S Management: Civil II	Pre: MCL191S	GTE331Q Geotechnical Engineering III (Theory)	Pre: GTE281Q & GTE2PRA; Co: GTE3PRA
PEC201C Engineering Practice: Civil II	Pre: All subjects from first and second levels	GTE3PRA Geotechnical Engineering III (Practical)	Pre: GTE281Q & GTE2PRA; Co: GTE331Q
RCD301C Reinforced Concrete And Masonry Design III (Theory)	Pre: TST271Z & TST2PRA & SAN271Z; Co: RCD3PJT	PEC301C Engineering Practice: Civil III	Pre: All subjects from first and second levels
RCD3PJT Reinforced Concrete And Masonry Design III (Project)	Pre: SAB271Z; Co: RCD301C	SAN341H Structural Analysis III	Pre: SAN271Z
SAN271Z Structural Analysis II	Pre: TST271Z & TST2PRA	SSD301C Structural Steel And Timber Design III (Theory)	Pre: SAN271Z; Co: SSD3PJT
TPE211C Transportation Engineering II (Theory)	Pre: SRC211Q & SRC2PRA; Co: TPE2PJT	SSD3PJT Structural Steel And Timber Design III (Pjt)	Pre: SAN271Z; Co: RCD301C
TPE2PJT Transportation Engineering II (Project)	Pre: SRC211Q & SRC2PRA; Co: TPE211C	TPE381V Transportation Engineering III (Theory)	Pre: TPE211C & TPE2PJT; Co: TPE3PRA
WEN221R Water Engineering II (Theory)	Pre: PHY1501 & AMC1PRA; Co: WEN2PRA	TPE3PRA Transportation Engineering III (Practical)	
WEN2PRA Water Engineering II (Practical)	Pre: PHY1501 & AMC1PRA; Co: WEN221R	WEN361F Water Engineering III (Theory)	Pre: WEN221R & WEN2PRA; Co: WEN3PRA & WEN3PJT
		WEN3PJT Water Engineering III (Project)	Pre: WEN221R & WEN2PRA; Co: WEN361F
		WEN3PRA Water Engineering III (Practical)	Pre: WEN221R & WEN2PRA; Co: WEN361F

Third Level	Pre/Co-requisites	Fourth Level	Pre/Co-requisites
BSY1015 Bio-Systems I		Compulsory	
DIG331Q Digital Systems III (Theory)	Pre: DIG221X & DIG2PRA; Co: DIG3PRA	DPJ391U Design Project III	Pre: All subjects from first and second levels
DIG3PRA Digital Systems III (Practical)	Pre: DIG221X & DIG2PRA; Co: DIG331Q	Choose the following 2	
ECT381A Electronics III (Theory)	Pre: ECT261Z & ECT2PRA; Co: ECT3PRA	BSM1501 Business Management Ia (Module 1)	
ECT3PRA Electronics III (Practical)	Pre: ECT261Z & ECT2PRA; Co: ECT381A	BSM1602 Business Management 1b	
EPR201E Electrical Engineering Practice II	Pre: All subjects from first and second levels	Or the following 2	
MAT3700 Mathematics III (Engineering)	Pre: MAT2691	EMA2M1E Engineering Management II (Module A)	
MEQ3116 Medical Equipment III (Module A) (Theory)	Co: MEQ3P1C	EMA2M2E Engineering Management II (Module B)	
MEQ3128 Medical Equipment III (Module B) (Theory)	Co: MEQ3P2D		
MEQ3P1C Medical Equipment III (Module A) (Practical)			
MEQ3P2D Medical Equipment III (Module B) (Practical)			

Qualification	National Diploma: Engineering Electrical: Computer Systems	NQF Exit Level	6
Qualification code	NDEEN - COS	Total NQF Credits	360
Admission Requirements	NSC (Diploma) with Mathematics, English, Physical Science & (Engineering and Technology or a Computer subject) passed with a rating of 4 OR Senior Certificate with at least E(40%) for Higher Grade Mathematics, English & Physical Science or at least D(50%) for Standard Grade Mathematics, English & Physical Science OR an N3 or N4 Certificate with Mathematics, English, Industrial Chemistry & Engineering Science passed with at least 50%.		

First Level	Pre/Co-requisites	Second Level	Pre/Co-requisites

Rules

The practical component must be done at other institutions such as Vaal University of Technology, Durban University of Technology and Cape Peninsula University of Technology, offering the same courses. If the student decides to do the practical component at these institutions, then UNISA will make the necessary arrangements and then pay the costs involved. Both the theoretical and the practical component of the subject must be passed before credit for the subject can be obtained. The practical component must be done simultaneously or after the theoretical component.

Both modules must be completed to obtain credit for the subject.

Modules can be completed concurrently or in different years. If Practical is not offered in that specific semester, the student can register for Practical the following year.

Access to a personal computer is compulsory for the Practical.

See My modules @ Unisa for detailed instruction on the Practical.

All study materials and examination papers (except Mathematics III) are available only in English.

Rules

No new students will be allowed to register for the N Dip Surface Mining. In future the N Dip Surface Mining and Mining Engineering will be replaced by a B Eng Tech in Mining Engineering which is aligned with the Higher Education Qualifications Framework. Pay close attention to the phasing-out dates of the different modules and plan your studies accordingly.

Qualification	Bachelor of Science General Degree	NQF Level	7
Qualification code	02089 – GEN	Total NQF Credits	360
Admission Requirements	NSC (Degree) with Mathematics & English passed with a rating of 4 OR Matriculation exemption with at least E(40%) for Higher Grade Mathematics & English or at least D(50%) for Standard Grade Mathematics & English		
Repeaters only	Until 2014		

Rules

- 1) The curriculum for the BSC degree consists of:
- THIRTY MODULES
 - At least TWENTY-FOUR of the thirty modules must be from the list below.
 - Not more than FOURTEEN of the thirty modules may be on the first level (NQF level 5).
 - At least EIGHT modules must be on third level (NQF level 7).
 - Refer to my Modules. for the Major subject combination

Example: BSC DEGREE WITH COMPUTER SCIENCE AND CHEMISTRY AS MAJOR SUBJECTS

Rules

- 1) The curriculum for the BSC degree consists of:
- THIRTY MODULES
 - At least TWENTY-FOUR of the thirty modules must be from the list below.
 - Not more than EIGHT of the thirty modules may be on the first level (NQF level 5).
 - At least TEN modules must be on third level (NQF level 7).
 - Refer to My Modules for the Major subject combination

Example: BSC DEGREE WITH COMPUTER SCIENCE AND CHEMISTRY AS MAJOR SUBJECTS

First Level	Pre/Co-requisites	Second Level	Pre/Co-requisites	Third Level	Pre/Co-requisites
Computer Science					
COS1501		COS2601	Pre: COS1501 or MAT2612	APM3711	Pre: COS2633

		STA1610 Introduction To Statistics			

Qualification	Honours Bachelor of Commerce in Business Informatics	NQF Exit Level	7
Qualification code	05282	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
INF417N Software Engineering	
INF418P Data Base Design	
INF431L Information Security	
INF450P Information Systems Development: Methodologies, Techniques And Tools	
Choose 2 from the following	
INF412H Research Project	Co: INF462T
INF420H Human-Computer Interaction	
INF425N Software Project Management	
INF462T Research For Computing (Information Systems)	
Choose 4 Papers from the following Subjects	
Accounting	
Auditing	
Internal Auditing	
Business Management	
Economics	
Industrial Psychology	
Quantitative Management	
Transport Economics	
Logistics	

Rules

Honours modules in Information Systems assume that students have experience in programming. If you lack programming experience, we highly recommend that you register for either INF1511 and/or (COS1511 and COS1512) for non-degree purposes. Access to the Internet is a requirement for students registering for an Honours degree in Business Informatics. Access to the Internet can be cost-effectively obtained through Internet Cafes if a student does not have access to the Internet at work or at home.

Qualification	Honours Bachelor of Commerce in Statistics	NQF Exit Level	7
Qualification code	04103	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
STA4801 Matrix Methods In Statistics	
STA4802 Multivariate Distribution Theory	Co: STA4801
STA4803 Linear Models	Co: STA4801
STA4804 Regression	Co: STA4801, STA4803 and STA4805
STA4805 Research Project In Statistics	Co: STA4806
STA4806 Advanced Research Methods In Statistics	Co: STA4801 and STA4805
Choose 3 from the following	
STA4807 Time Series	Co: STA4801
STA4808 Survival Analysis	
STA4809 Nonparametric Regression	Co: STA4801 and STA4804
STA4810 Methods of multivariate analysis	Co: STA4801, STA4806 and STA4802
STA4811 Probability and stochastic processes	Co: STA4801
STA4812 Inference	Co: STA4801

Rules
Access to a computer is a requirement.

Qualification	Honours Bachelor of Arts in Mathematics	NQF Exit Level	7
Qualification code	04375	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
HMMAT80 Research Methods In Mathematics	
HRMAT81 Honours Research Report In Mathematics	Co: HMMAT80
Choose 7 from the following	
MAT4831 Measure Theory And Integration I	
MAT4832 Measure Theory And Integration II	Co: MAT4831
MAT4833 Algebra I	
MAT4834 Algebra II	Co: MAT4833
MAT4835 Set Theory	
MAT4836 Topology	
MAT4837 Introduction To Category Theory	
MAT4841 Functional Analysis I	
MAT4842 Functional Analysis II	Co: MAT4841
MAT4843 Ordinary Differential Equations I	
MAT4844 Ordinary Differential Equations II	Co: MAT4843
MAT4845 Graph Theory I	
MAT4846 Graph Theory II	Co: MAT4845
MAT4847 Partial Differential Equations I	
MAT4848 Partial Differential Equations II	Co: MAT4847
MAT4853 Number Theory I	
MAT4854 Number Theory II	Co: MAT4853
MAT4857 Matrix Theory I	
MAT4858 Matrix Theory II	Co: MAT4857

Qualification	Honours Bachelor of Science in Chemistry	NQF Exit Level	7
Qualification code	04472	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject. The major must not have been passed more than five years ago.		

First Level	Pre/Co-requisites
CHE4801 Inorganic Chemistry 4	
CHE4802 Physical Chemistry 4	
CHE4803 Organic Chemistry	
CHE4804 Analytical Chemistry 4	
CHE4805 Advanced Physical Inorganic Chemistry	
CHE4806 Advanced Physical Organic Chemistry	Co: CHE4804 & CHE4803
CHE4807 Environmental Chemistry	
CHE4808 Honours Project	

Rules

Students whose average for Chemistry III or equivalent is between 55% and 59% and fulfilled the other admission requirements stipulated above may be granted provisional admission taking into consideration the experiences of the candidate in his profession. Such students may be allowed to register for a maximum of three honours modules in consultation with the Chair of Department of Chemistry. Students may not register for any other honours modules in the following year unless he/she has passed the three stipulated honours modules.

Qualification	Honours Bachelor of Science in Physics	NQF Exit Level	7
Qualification code	04502	Total NQF Credits	120
Admission Requirements	Completed Bachelor's degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
HMPHY80 Physics Honours Research Methods	Co: PHY4801
HRPHY81 Physics Honours Research Project	Co: HMPHY80
PHY406L Electromagnetism 1 (Physics)	Co: PHY4801
PHY4801 Advanced Mathematical Methods	
PHY4802 Electromagnetism 2	Co: PHY4801
PHY4803 Quantum Mechanics 1	Co: PHY4801
PHY4804 Quantum Mechanics 2	Co: PHY4803
PHY4805 Statistical Physics	Co: PHY4801
PHY4806 Advanced Solid State Physics	Co: PHY4801
PHY4807 Nuclear Physics (Honours Physics)	Co: PHY4801

Qualification	Honours Bachelor of Science in Computer Science	NQF Exit Level	7
Qualification code	04545	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
COS462K Research For Computing (Computer Science)	
Choose 9 from the following Include at least 5 COS modules.	
COS405A Computability Theory	
COS407C Formal Logic	
COS408D Datastructures And Algorithms	
COS416D Theory Of Program Languages 1	
COS430B Computer Networks	
COS451G Artificial Intelligence 1	
COS452H Artificial Intelligence 2	
COS461J Capita Selecta 2 (Computer Science)	
COS492R Formal Program Verification	
COS498X Project	Co: COS462K
INF417N Software Engineering	
INF418P Data Base Design	
INF420H Human-Computer Interaction	
INF425N Software Project Management	
INF431L Information Security	
INF450P Information Systems Development: Methodologies, Techniques And Tools	
INF482X Software Specification Techniques	
INF483Y Software Engineering Environments	
INF460R Capita Selecta 1 (Information systems)	
INF461S Capita Selecta 2 (Information systems)	

Qualification	Honours Bachelor of Science in Astronomy	NQF Exit Level	7
Qualification code	04561	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with a major in either Astronomy, Physics or Applied Mathematics. The major must be passed with an average of 60%.		

First Level	Pre/Co-requisites
Compulsory	
AST4880 Galaxies I	
AST4883 Radiative Processes	
HMAST80 Research Methods: Astronomy	
HRAST81 Honours Research Project: Astronomy	Co: HMAST80
Choose 5 from the following	
APM4801 Cosmology	
APM4804 Introduction To General Relativity	
APM4805 Mathematics Of Optimization Theory	
APM4806 Riemannian Geometry And Tensor Calculus	
APM4808 Numerical Solutions To Partial Differential Equations	
APM4809 Optimal Control	
APM4810 An Introduction To The Finite Element Method	
APM4811 Applied Functional Analysis	
APM4812 Introduction To Mechanics Of Fluids	
AST4870 Special Topics In Astrophysics	
AST4871 Special Topics In Astrophysics	
AST4872 Special Topics In Astrophysics	
AST4873 Special Topics In Astrophysics	
AST4874 Special Topics In Astrophysics	
AST4875 Special Topics In Astrophysics	
AST4876 Special Topics In Astrophysics	
AST4877 Special Topics In Astrophysics	
AST4878 Special Topics In Astrophysics	
AST4879 Special Topics In Astrophysics	
AST4881 Galaxies II	
AST4882 Astrophysics Of Dust	
AST4884 Atomic And Molecular Spectroscopy	
PHY406L Electromagnetism 1 (Physics)	Co: PHY4801
PHY4801 Advanced Mathematical Methods	
PHY4802 Electromagnetism 2	Co: PHY4801
PHY4803 Quantum Mechanics 1	Co: PHY4801
PHY4804 Quantum Mechanics 2	Co: PHY4801 & PHY4803
PHY4805 Statistical Physics	Co: PHY4801
PHY4806 Advanced Solid State Physics	Co: PHY4801
PHY4807 Nuclear Physics (Honours Physics)	Co: PHY4801

Qualification	Honours Bachelor of Science in Applied Mathematics	NQF Exit Level	7
Qualification code	0457X	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
HMAPM80 Research Methods In Applied Mathematics	
HRAPM81 Honours Research Project In Applied Mathematics	Co: HMAPM80
Choose 7 from the following	
APM4801 Cosmology	
APM4802 Continuous Time Stochastics Processes	
APM4804 Introduction To General Relativity	
APM4805 Mathematics Of Optimization Theory	
APM4806 Riemannian Geometry And Tensor Calculus	
APM4808 Numerical Solutions To Partial Differential Equations	
APM4809 Optimal Control	
APM4810 An Introduction To The Finite Element Method	
APM4811 Applied Functional Analysis	
APM4812 Introduction To Mechanics Of Fluids	
MAT4847 Partial Differential Equations I	
MAT4848 Partial Differential Equations II	Co: MAT4847

Qualification	Honours Bachelor of Science in Mathematics	NQF Exit Level	7
Qualification code	04588	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
HMMAT80 Research Methods In Mathematics	
HRMAT81 Honours Research Report In Mathematics	Co: HMMAT80
Choose 7 from the following	
MAT4831 Measure Theory And Integration I	
MAT4832 Measure Theory And Integration II	Co: MAT4831
MAT4833 Algebra I	
MAT4834 Algebra II	Co: MAT4833
MAT4835 Set Theory	
MAT4836 Topology	
MAT4837 Introduction To Category Theory	
MAT4841 Functional Analysis I	
MAT4842 Functional Analysis II	Co: MAT4841
MAT4843 Ordinary Differential Equations I	
MAT4844 Ordinary Differential Equations II	Co: MAT4843
MAT4845 Graph Theory I	
MAT4846 Graph Theory II	CO: MAT4845
MAT4847 Partial Differential Equations I	
MAT4848 Partial Differential Equations II	Co: MAT4847
MAT4853 Number Theory I	
MAT4854 Number Theory II	Co: MAT4853
MAT4857 Matrix Theory I	
MAT4858 Matrix Theory II	Co: MAT4857

Qualification	Honours Bachelor of Science in Statistics	NQF Exit Level	7
Qualification code	04596	Total NQF Credits	120
Admission Requirements	Completed Bachelor's degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
STA4801 Matrix Methods In Statistics	
STA4802 Multivariate Distribution Theory	Co: STA4801
STA4803 Linear Models	Co: STA4801
STA4804 Regression	Co: STA4801, STA4803 and STA4805
STA4805 Research Project In Statistics	Co: STA4806
STA4806 Advanced Research Methods In Statistics	Co: STA4801 and STA4805
Choose 3 from the following	
STA4807 Time Series	Co: STA4801
STA4808 Survival Analysis	
STA4809 Nonparametric Regression	Co: STA4801 and STA4804
STA4810 Methods of multivariate analysis	Co: STA4801, STA4806 and STA4802
STA4811 Probability and stochastic processes	Co: STA4801
STA4812 Inference	Co: STA4801

Rules
Access to a computer is a requirement.

Qualification	Honours Bachelor of Science in Information Systems	NQF Exit Level	7
Qualification code	04693	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with an average of 60% in the relevant major subject.		

First Level	Pre/Co-requisites
Compulsory	
INF462T Research For Computing (Information Systems)	
Choose 9 from the following Include at least 5 INF modules	
COS405A Computability Theory	
COS407C Formal Logic	
COS408D Datastructures And Algorithms	
COS416D Theory Of Program Languages 1	
COS430B Computer Networks	
COS451G Artificial Intelligence 1	
COS461J Capita Selecta 2 (Computer Science)	
COS492R Formal Program Verification	
COS498X Project	
INF412H Research Project	Co: INF462T
INF417N Software Engineering	
INF418P Data Base Design	
INF420H Human-Computer Interaction	
INF425N Software Project Management	
INF431L Information Security	
INF450P Information Systems Development: Methodologies, Techniques And Tools	
INF460R Capita Selecta 1 (Information Systems)	
INF461S Capita Selecta 2 (Information Systems)	
INF482X Software Specification Techniques	
INF483Y Software Engineering Environments	
COS452H Artificial Intelligence 2	

Qualification	Honours Bachelor of Arts in Statistics	NQF Exit Level	7
Qualification code	05061	Total NQF Credits	120
Admission Requirements	A Bachelor's degree in Statistics with an average pass rate of 60% for the third year		

First Level	Pre/Co-requisites
Compulsory	
STA4801 Matrix Methods In Statistics	
STA4802 Multivariate Distribution Theory	Co: STA4801
STA4803 Linear Models	Co: STA4801
STA4804 Regression	Co: STA4801, STA4803 and STA4805
STA4805 Research Project In Statistics	Co: STA4806
STA4806 Advanced Research Methods In Statistics	Co: STA4801 and STA4805
Choose 3 from the following	
STA4807 Time Series	Co: STA4801
STA4808 Survival Analysis	
STA4809 Nonparametric Regression	Co: STA4801 and STA4804
STA4810 Methods of multivariate analysis	Co: STA4801, STA4806 and STA4802
STA4811 Probability and stochastic processes	Co: STA4801
STA4812 Inference	Co: STA4801

Rules
Access to a computer is a requirement.

Qualification	Honours Bachelor of Science in Data Mining	NQF Exit Level	7
Qualification code	05622	Total NQF Credits	120
Admission Requirements	Completed Bachelors degree, with Statistics and Operations Research as majors, passed with an average of 60%.		

First Level	Pre/Co-requisites
Compulsory	
COS408D Datastructures And Algorithms	
HONDANE Decision Analysis	
HONNNSH Neural Networks	
HONPR1B Project I (Honours Quantitative Management)	
HONPR2C Project II	
INF418P Data Base Design	
STA4801 Matrix Methods In Statistics	
STA4806 Advanced Research Methods In Statistics	
STA4809 Nonparametric Regression	

Qualification	Baccalaureus Technologiae: Engineering: Chemical (Environmental)	NQF Exit Level	7
Qualification code	BTECE	Total NQF Credits	120
Admission Requirements	Completed National Diploma with a relevant major.		

First Level	Pre/Co-requisites
Compulsory	
AQC401C Air Quality Control (Chemical) IV	
CEE401C Chemical Environmental Engineering IV (Project)	Co: AQC401C or SWT401C or WTC401C
CEM4M2C Chemical Engineering Technology IV: Heat And Mass (Module B)	
CEM4M3C Chemical Engineering Technology IV: Unit Operations (Module C)	
CPD4M1C Chemical Process Design IV: Equipment Design (Module A)	Co: CEM4M3C
CPD4M2C Chemical Process Design IV: Plant Design (Module B)	Co: CEM4M3C; Co: CPD4M1C
EMC401C Environmental Management For Chemical Engineering IV	
RTE401C Reactor Technology IV	
SWT401C Solid Waste Treatment (Chemical) IV	
WTC401C Water Treatment (Chemical) IV	

Qualification	Baccalaureus Technologiae: Engineering: Civil Construction Management	NQF Exit Level	7
Qualification code	BTECV - COM	Total NQF Credits	120
Admission Requirements	3 year National Diploma or equivalent in relevant/respective discipline		

First Level	Pre/Co-requisites
Compulsory	
CMC401C Contract Management: Civil IV	Co: CMC4PJT
CMC4PJT Contract Management: Civil IV (Project)	
EEN4M1C Environmental Engineering: Civil IV (Module A)	Co: EEN4M2C
EEN4M2C Environmental Engineering: Civil IV (Module B)	Co: EEN4M1C
EEN4PJA Environmental Engineering: Civil IV (Module A) Project	Co: EEN4M2C & EEN4M1C
EEN4PJB Environmental Engineering: Civil IV (Module B) Project	Co: EEN4M1C & EEN4M2C
MGP437U Management Practice IV	
MHB201Q Human Resources Management II	
PMN501B Project Management V	
Choose 1 from the following Note: CLA1501 and CLA1502 count as 1 subject	
BEK342S Management Economics III	
CLA1501 Commercial Law 1a	
CLA1502 Commercial Law 1b (Commercial Law)	
FMA401V Financial Management IV	
LRL241P Labour Relations And Law II	

Qualification	Baccalaureus Technologiae: Engineering: Civil Environmental Engineering	NQF Exit Level	7
Qualification code	BTECV - ENV	Total NQF Credits	120
Admission Requirements	3 year National Diploma or equivalent in relevant/respective discipline		

First Level	Pre/Co-requisites
Compulsory	
EEN4M1C Environmental Engineering: Civil IV (Module A)	Co: EEN4M2C
EEN4M2C Environmental Engineering: Civil IV (Module B)	Co: EEN4M1C
EEN4PJA Environmental Engineering: Civil IV (Module A) Project	Co: EEN4M2C & EEN4M1C
EEN4PJB Environmental Engineering: Civil IV (Module B) Project	Co: EEN4M1C & EEN4M2C

PCE401C Project: Chemical Engineering IV	
PCI401C Production Engineering: Chemical Industry IV	
PCT401C Process Control IV (Chemical)	
RTE401C Reactor Technology IV	
Optional Study Unit	
ENT401I Entrepreneurship IV (Option 1)	

Rules

IMPORTANT: Students may only register for the BTech: Engineering: Chemical if he/she:

- (i) can identify and complete a research project for PROJECT: CHEMICAL ENGINEERING IV (PCE401C);
- (ii) has access to a computer simulation design programme/package for CHEMICAL PROCESS DESIGN IV : PLANT DESIGN (Module B) such as ASPEN, CHEM-CAD, PROII, etc.;
- (iii) can provide a mentor for each of the above study units respectively.

It is the responsibility of the student to find these elsewhere.

Qualification	Baccalaureus Technologiae: Engineering: Industrial	NQF Exit Level	7
Qualification code	BTENI	Total NQF Credits	120
Admission Requirements	Completed National Diploma with a relevant major.		

First Level	Pre/Co-requisites
Compulsory

EDP401M Engineering Design Project IV	
Choose any 2 of the following combinations	
AUC401M Automatic Control IV	
MOM401M Mechanics Of Machines IV	
Or the following 2	
SOM401M Strength Of Materials IV	
STA401M Stress Analysis IV	
Or the following 2	
FMA401M Fluid Mechanics IV	
TMA401M Turbo Machines IV	
Or the following 2	
RAC401M Refrigeration And Air Conditioning IV	
THD401M Thermodynamics IV	
Choose 2 from the following or from the above list.	
ENV301E Environmental Management III	
MMN101M Maintenance Management	
PRT401I Production Technology IV	

Student fees

The university will not accept cash or cheques at any of its offices. Cash may, however, still be paid into the university's bank account at any Absa branch or at any branch of the South African Post Office.

The government is currently investigating the policy regarding the subsidy for foreign students. Your attention is drawn to the fact that prescribed student fees could increase substantially in the future. The university reserves the right to charge fees in certain countries in the currency of that country.

Prescribed student fees for 2011

Fees are valid for the 2011 academic year only. Prescribed student fees include registration, examinations (excluding special, aegrotat and supplementary examinations) and admission to discussion classes.

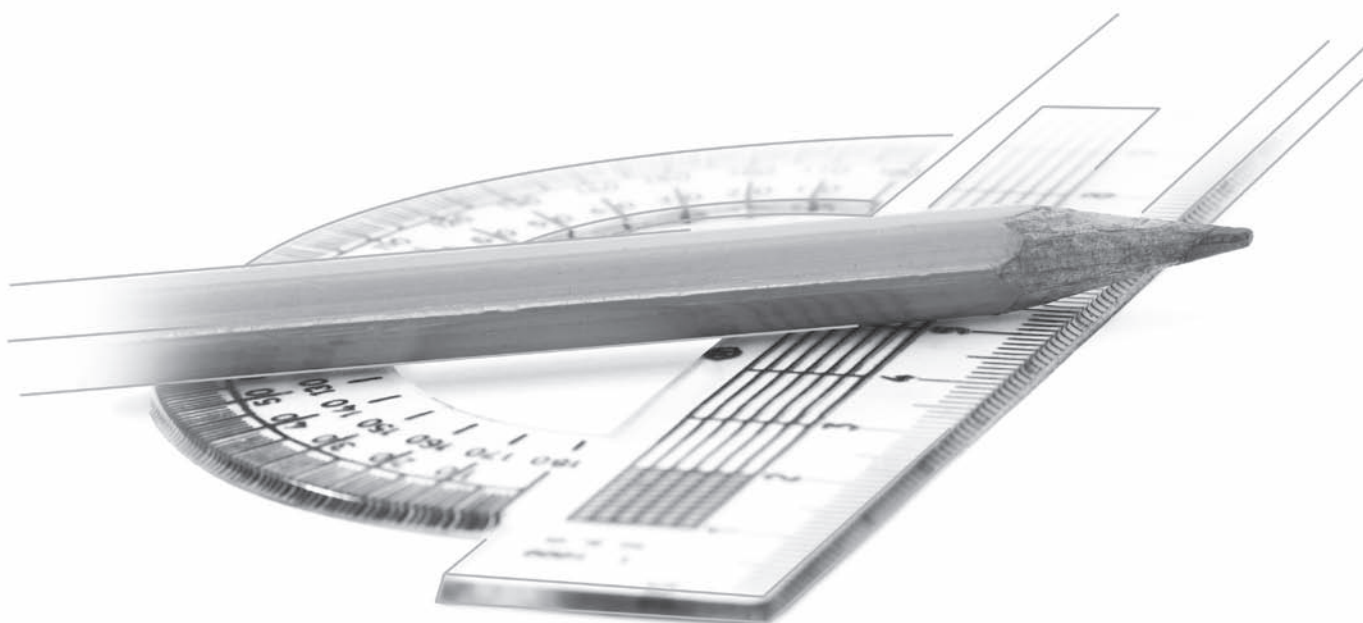

■ Minimum amount payable at the point of registration

A minimum amount is payable on registration in respect of each module or paper for which you register. The minimum amount payable on registration is dependent on the number of individual study units for which you register. A minimum initial amount is payable with each registration. The minimum amount payable on registration will be forfeited should the relevant study unit be cancelled. Note that compulsory miscellaneous fees, where applicable, are also payable on registration. These fees include the levy for students in foreign countries and levies for additional study material. After payment of the initial amount on registration, the outstanding balance must be paid before the relevant dates.

■ Prescribed student fees

The levy for students in foreign countries must be paid in addition to the minimum initial payment on registration. A student must be in possession of a student number before registration can be processed or fees paid or deposited into the Absa bank account. The fees for all fourth-level modules will be charged as for honours-level modules.

Any legal fees that arise due to actions taken by Unisa to collect unpaid student fees will be for the account of students.

1 Prescribed student fees: undergraduate level

Description	Semester	Total	Minimum amount payable on registration	Due by 21 March 2011	Due by 15 May 2011	Due by 15 August 2011

3 Registration cancellation dates

Last day for cancellation of semester 1 modules (full forfeiture after this date)	15 March 2011
Last day for cancellation of year papers/modules; minimum payment forfeited (initial payment and second payment forfeited after this date)	15 May 2011
Last day for cancellation of semester 2 modules; minimum payment forfeited (full forfeiture after this date)	15 August 2011
Last day for cancellation of year papers/modules; minimum and second payment forfeited (full forfeiture after this date)	15 August 2011

4 Legal fees

Any legal fees that arise due to actions taken by Unisa to collect unpaid student fees will be for the account of students. If students fail to pay any outstanding amount on their account before the relevant date, their registration for the respective study units will be summarily cancelled by the University, and no appeal against such cancellation will be considered. In respect of each cancelled study unit, students will forfeit fees in accordance with registration cancellation dates. Thereafter, they will be registered only for the number of study units for which they had paid in full prior to the dates as indicated.

5 Miscellaneous fees

All miscellaneous fees are payable to Unisa and may be included with your student fees.

Supplementary, special and aegrotat examinations	R160,00	Per study unit
Remarking of examination scripts	R280,00	Examination scripts and closing dates for application (per examination script). Closing dates for the receipt of applications to have examination answer scripts rechecked/ remarked are as follows: <ul style="list-style-type: none"> ■ October/November 2010 examination: 31 January 2011 ■ January/February 2011 Supplementary examination: 31 March 2011 May/June 2011 examinations: 31 July 2011
Checking of marks	R120,00	
Issuing of complete or conditional exemption certificates by the Matriculation Board (payable before or on registration)	R350,00	The fees are payable before or on registration.
Dishonoured cheques	R420,00	

5 Miscellaneous fees (continued)

Levy on students in foreign countries	Category	Levy per course	Levy per module	Students with an address or examination centre outside the RSA must pay the additional compulsory levy on registration: Category A: Africa Category B: Rest of the world Students who, after registration, change their postal address to a foreign address or examination centre will be liable to pay the foreign levy as specified. The levy for foreign students is not transferable and also not refundable; this rule also applies to the change of address from foreign countries to South Africa.
	A	R780,00	R390,00	
	B	R1 560,00	R780,00	
Learning centres tutorial levy (per student per semester)	R100,00			
Library card (smart card)	R45,00			<p>Students who are liable for the Library card fees are:</p> <ul style="list-style-type: none"> ■ students who apply for a card for the first time ■ students who previously had a card but need a new one ■ students whose previous card is lost or damaged <p>Students who are in possession of a Library card and re-register do not need to apply or pay for a new library card; the old card will be activated automatically upon registration.</p> <p>If you indicated "Yes" on the registration form with regard to the Library card, the card fee will automatically be payable upon registration as part of the minimum payment.</p>
Amount forfeited in case of death prior to the examination period	R980,00			
Visual art studio fee	R120,00		Per semester	
	R240,00		Full-year course	

6 Bursary holders and students whose studies are underwritten by their employers or other institutions

No letter of guarantee/intent will be accepted by the University. Students in this category must pay at least the relevant prescribed initial payment on registration, together with any compulsory miscellaneous fees (eg the levy for foreign students). Fees must be paid before the relevant closing date(s). Accounts are issued only to students and not to any third party or other institutions. A quotation of fees payable may be issued on request, which you may hand to the relevant institution before registration.

7 Financial Aid

National Students Financial Aid Scheme (NSFAS)

Students may apply for a NSFAS loan for assistance with study fees if they meet the following criteria:

- must be a South African citizen
- studying towards a first tertiary qualification or studying towards a second tertiary qualification if such a qualification is necessary in order to practise in your chosen career (eg PGCE)
- able to demonstrate a potential for academic success
- financially needy

Eduloan

People employed in government departments may apply for assistance with study fees if they meet the following criteria:

- they must be in the direct employ of the SA Government or a permanent member of the SANDF
- they can apply for themselves, or sponsor their spouses/children/guardians
- loan instalment may not exceed 25% of basic salary

The financial assistance is administered by Eduloan. For more information, phone 0860 55 55 44, send a SMS to “edu” at 32150 or visit www.eduloan.co.za. You can find the application form at the end of this brochure.

8 Method of payment

In the case of electronic transfers, please ensure that the reference field is completed correctly. No cash or cheques will be accepted at any Unisa offices. Cash can, however, still be paid into the bank account of the university at any Absa branch or at any South African Post Office.

Debit cards	Debit card payments are only accepted if you register in person at Unisa in Pretoria or Florida or at one of the Regional Service centres.	
Credit cards	Credit cards are restricted to Visa and Mastercard. All the particulars required under “Particulars of payment” on the registration form must be supplied. If you are paying by credit card, please also provide the CV number. must also be given. The CV number is the last three digits which appear AFTER your credit card number on the reverse side of the credit card. The card holder’s signature is also required on the registration form. (If your application is sent by post, you are NOT required to send your card to the university. However, a photocopy of BOTH sides of the credit card must accompany the registration form.)	
Postal order money orders bank drafts	Postal orders, money orders and bank drafts should be made payable to Unisa.	These methods of payment will only be accepted if posted to the university.
Telegraphic money order (TMO)	Students must state surname, first name, address, student number (if known) and for what purpose this payment is made. The TMO must be addressed to Unisa UNISARAND for delivery and payment by the Unisarand Post Office.	

8 Method of payment (continued)

<p>Bank deposits</p>	<p>Bank deposits can only be done at a bank in South Africa: a. if you already have a student number; b. in respect of student fees, examination fees (supplementary, special or aegrotat fees) and exemption fees, but no library charges; c. at any branch of ABSA (In the case of electronic transfers please ensure that the reference field is completed correctly). d. provided the deposit slip is correctly filled in as follows: o Credit – Unisa Student Fees o Dep Ref – the first eight blocks are for the student number. If the student number consists of only 7 digits, then an '0' must be filled in for the first digit of the student number; – leave one block open, then fill in the number: 5400374721 for study fees 5352X74608 for Matriculation exemption fees o Acc no – fill in 4048746711 e. If a cheque is deposited, also write your student number on the back of the cheque.</p>	<p>Should any of the information on the bank deposit slip be incomplete or incorrect the transaction will not be processed by the bank and/or cause a delay in the allocation of the funds to your account. Amounts will be allocated within 2 working days to the study fee account provided that all the information on the deposit is correct.</p>
<p>South African Post Office (SAPO)</p>	<p>o Dep Ref – the first eight blocks are for the student number. If the student number consists of only 7 digits, then an '0' must be filled in for the first digit of the student number; – then quote one of the following numbers: 5400374721 for study fees 5352X74608 for Matriculation exemption fees</p>	<p>Just provide this reference number to the SAPO cashier and state that you want to pay Unisa.</p>
<p>Internet/Electronic payments</p>	<p>In the case of electronic payments: o Bank – ABSA o Branch – Sunnyside o Dep Ref – the first eight blocks are for the student number. If the student number consists of only 7 digits, then an '0' must be filled in for the first digit of the student number; – leave one block open, then fill in the number: 5400374721 for study fees 5352X74608 for Matriculation exemption fees o Acc no – fill in 4048746711</p>	<p>Should any of the information be incomplete or incorrect the transaction will not be processed by the bank and/ or cause a delay in the allocation of the funds to your account. Amounts will be allocated within 2 working days to the study fee account provided that all the information is correct.</p>
<p>Unisa Web payments</p> <p>Refunds</p>	<p>Please note that this is a real-time transaction.</p> <p>No refunds credit balances less than R100,00</p>	<p>Unisa web payment link: www.unisa.ac.za under: Register at Unisa</p> <p>Requests have to be made in writing Refund form in Your Service guide @ Unisa and online at: www.unisa.ac.za/Reginfo Contacting details: finan@unisa.ac.za Fax +27 12 429 3354 Tel: 0861 670 411 (Nationally) +27(0)11 670 9000 (Internationally) Refunds will be done within 21 days from receipt of request.</p>

Unisa provisional examination timetable for May 2011

Select the study units for which you wish to register in such a manner that the examination dates and times do not clash.

NB: No examination clashes will be permitted. Public holidays in foreign countries are not taken into account when compiling the examination timetable.

NB: Please note that the dates reflected in these timetables are provisional and the University reserves the right to change examination dates if necessary.

Unisa provisional examination timetable for October 2011

Select the study units for which you wish to register in such a manner that the examination dates and times do not clash.

NB: No examination clashes will be permitted. Public holidays in foreign countries are not taken into account when compiling the examination timetable.

NB: Please note that the dates reflected in these timetables are provisional and the University reserves the right to change examination dates if necessary.

Unisa provisional examination timetable for January 2012

Select the study units for which you wish to register in such a manner that the examination dates and times do not clash.

NB: No examination clashes will be permitted. Public holidays in foreign countries are not taken into account when compiling the examination timetable.

Important information

- 1 Exemption is not granted for more than half of the maximum number of study units prescribed for a qualification.
- 2 Students must be aware that in addition to school qualifications and academic records already submitted, it may be required to submit additional supporting documents such as syllabi of courses passed.
- 3 All applications for exemptions can only be dealt with after the relevant registration period.

I hereby declare that I am fully aware that Unisa can amend my registration if necessary should I not qualify for exemption from the modules requested.

Initial professional education and training of teachers at Unisa Declaration form

1 Background

- 1.1 Teaching Practice is a compulsory part of all Initial Professional Education and Training (IPET) programmes at Unisa, namely the Bachelor of Education and the Postgraduate Certificate in Education
1.2 It is required of these qualifications that:
1.2.1 all students, doing practice teaching, are placed in appropriate and varied contexts:
1.2.2 all students are placed in schools are supported by the university, and are visited and guided by the university while doing their practice teaching in schools: and
1.2.3 the university assesses practice teaching in authentic contexts.
2.2 The above-mentioned requirements are accreditation conditions for all IPET programmes at Unisa by the HEQC.
2.3 All new entrants into IPET programmes must fulfil these requirements.
2.4 Unisa is only capable of fulfilling all these requirements within the borders of South Africa.
2.5 A student who wants to enrol for an IPET programme will conduct the teaching practice in South Africa.
2.6 A foreign student must sign the following declaration before he or she may enrol for an IPET programme:

2 Declaration

I....., with student number understand the contents of this declaration and agree to do Teaching Practice in a school determined by Unisa within South Africa. I will be responsible for my own expenses during that period.

I declare that my registration for is based on my acceptance of doing Teaching Practice in South Africa.

Signed at on this day of 20.....

DEVELOPMENT AGREEMENT BETWEEN EDULOAN AND THE CONSUMER AND REPAYMENT AUTHORITY DETAILS

A5

The Parties agree that the Credit Provider will advance the Loan Amount to the Consumer and pay it to the above Service Provider for the above student.
 The Consumer undertakes to repay the Total Amount in the number of monthly instalments as detailed above in terms of the authority below. The Consumer hereby authorises his/her Employer specified above to deduct the monthly instalments from his/her salary. Any charges levied by the Employer to effect the salary deduction will be for the account of the Consumer and the Employer will recover the costs directly from the Consumer's salary. If this salary is deducted through inter alia Persal/Persol/SASSA system, the deduction will be deemed to be administered by the Credit Provider on behalf of the Educational Institution indicated above.
 If the Credit Provider does not have a deduction agreement with the Consumer's Employer or if a salary deduction can not be executed, the Consumer authorises the Credit Provider to deduct the monthly instalments from the following bank account via a debit order.

Name of the account holder:		Bank:	
Branch code:		Account No:	
Type of account:		Date of first deduction from Salary or Bank Account	/ /
		Date of deduction:	

The Consumer agrees that the Credit Provider may change the date of deduction if the agreed upon date is not a business day.

MARKETING OPTIONS (Consumer to indicate preferences)

A6

<input type="checkbox"/> The Consumer opts to be included in the distribution of the Credit Provider SMS and email messages.	Yes	No	<input type="checkbox"/> The Consumer opts to be included in all the Credit Provider telemarketing campaigns.	Yes	No
<input type="checkbox"/> The Consumer opts to be included in marketing/customer lists sold/distributed by the Credit Provider.	Yes	No			

By signing this the Consumer confirms acceptance of the quotation and that a binding agreement is concluded on the above Terms and Conditions read with Part B hereof, the contents of which are deemed to be incorporated herein, unless the Credit Provider rejects the application, in which case the consumer will be advised accordingly in writing or electronically. The loan will only be made available to the consumer subject to the Credit Provider undertaking an assessment and being satisfied that the consumer can afford the loan.
